We heard from Joe Swartz and Walt Heppenstall (a resident) of Tel Hai. Tel Hai is a retirement community in Honey Brook which started as a camp for inter city children. They provide high quality of life and service to enhance personal independence. Many of the pluses of Tel Hai are 50+ years of service with a sense of community. They encourage active lifestyles. Being situated in beautiful Chester County offers open land, farm life, calmer way to live. It is built on a strong foundation of faith and service. Many of the residents are volunteers themselves in the Tel Hai community. Tel Hai is beginning a new expansion phase, many retirees coming from the Philadelphia area. There is a waiting list 2-5 years depending on the type of accommodations people need.

Scott Graham made a motion to adjourn the meeting and Andy Kent seconded.
